Pick the packaging that packs in the customers.

All Day Café Breakfast Sandwiches are packaged in two different styles – just choose the one that matches your operation and customers.

Both withstand microwave, convection, or conventional oven heating.

Butcher wrap...perfect for operations offering a warmer program, plus it acts as a tray for on-the-go eating

Upscale film...the clear window lets customers see the sandwich quality, so it's ideal for merchandising refrigerated or frozen

The good taste they crave.

Made with real eggs for real profits.

All of our breakfast sandwiches are made with Papetti's Table Ready Scrambled Egg patties or Natural Shaped Fried Egg patties. They have a fluffy texture, plus a homemade look and taste.

Meats that make a sandwich a meal.

Canadian Bacon...made from lean pork sirloin, it's thick sliced with natural hickory smoked flavor

Sausage...precooked, perfectly browned and made with flavorful, spiced pork

Ham...deli quality ham that's cured with real honey and brown sugar

Bacon...perfectly cooked and flavorful, with an enticing, smoky flavor

Cheese that adds creamy goodness.

We use only high quality Crystal Farms American cheese, made in America's dairyland.

Four breads give you a slice of the action.

English Muffin... tender yet firm, with a natural, fresh-baked appearance

Croissant... tender on the inside, flaky and golden brown on the outside

Biscuit... a light and fluffy buttermilk biscuit – the industry gold standard

French Toast... dipped in real, premium Papetti's eggs then baked – not fried – for real French toast flavor; we even add a dollop of maple butter syrup
